Standardized Syllabus for the College of Engineering

COP3502 Programming Fundamentals for CIS Majors 1

1. Catalog Description (3 credits)
   First course in a two-semester introductory sequence for students with no prior programming experience. Explores major concepts of computer science and the process of computer programming, including object-oriented programming, procedural and data abstraction and program modularity.

2. Pre-requisites and Co-requisites
   Pre-requisites: MAC 1147 Precalculus: Algebra and Trigonometry, or equivalent.

3. Course Objectives
   At the end of the semester, students are expected to be able to:
   - Understand what programming is and the unique feature of Java.
   - Read: Understand programs written in JAVA language.
   - Write: Design and implement programs using JAVA language.
   - Compile: Use compiler to convert JAVA code into executable file.
   - Execute: Run corresponding code to get results.
   - Debug: Identify and fix syntax and semantic errors in JAVA code.

4. Relationship of course to program outcomes:
   e) an ability to identify, formulate, and solve hardware and software computer engineering problems, accounting for the interaction between hardware and software;

5. Instructor – Rong Zhang
   a. Office location: CSE E526
   b. Telephone: 352-505-1542
   c. E-mail address: rzhang@cise.ufl.edu
   d. Office hours: T 10:00am – 12:00pm and W 2:00pm – 3:00pm or by appointment in CSE 526

6. Teaching Assistant

</table>

7. Meeting Times
   MWF period 6 (12:50pm – 1:40pm) in CSE A101

8. Class/laboratory schedule
   Section # 2296: Thursday Period 2-3 in CSE E113
9. Meeting Location
CSE A101

10. Material and Supply Fees
Course fee: $17.31

11. Textbooks and Software Required
   a. Title: Introduction to Java Programming
   b. Author: Y. Daniel Liang
   c. Publication date and edition: Prentice Hall; 8 edition, 2010
   d. ISBN number: 9780132130806

12. Recommended Reading
   Java notes: http://math.hws.edu/javanotes/
   Java tutorial: http://download.oracle.com/javase/tutorial/

13. Course Outline
   - Objects and classes
   - Primitive types and class types
   - Methods (procedures, functions, constructors)
   - Basic statements: assignment, if-statements, loops, blocks, method calls
   - Arrays
   - Simple I/O — reading and writing files
   - Program development and object-oriented design
   - Programming style considerations

14. Attendance and Expectations
   Class attendance is required. If for some reason you have to miss a class, you are responsible for getting class notes from a classmate. Make sure to submit your completed work before the due date to avoid a penalty if an assignment is due. Cell phones should be turned off or set to vibrate.

15. Grading – methods of evaluation
   Final grade is calculated according to the following schedule
   Home works / Projects 45%
   Labs (in discussion sessions; drop two lowest) 5%
   Exams 50%
16. Grading Scale
A(100-95), A-(94-90), B+(89-87), B(86-83), B-(82-80), C+(79-77), C(76-73), C-(72-70), D+(69-67), D(66-63), D-(62-60), F(59-0)

Grades may be curved.

A C- will not be a qualifying grade for critical tracking courses. In order to graduate, students must have an overall GPA and an upper-division GPA of 2.0 or better (C or better). Note: a C- average is equivalent to a GPA of 1.67, and therefore, it does not satisfy this graduation requirement. For more information on grades and grading policies, please visit: https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

17. Make-up Exam Policy
All students should plan to take their exams at the scheduled times. In the case of sudden or unexpected events that will cause them to miss an exam, students are required to notify the instructor prior to the exam or as early as possible. Make-up exams are given only in exceptional circumstances with the Instructor’s permission.

18. Honesty Policy –
All students admitted to the University of Florida have signed a statement of academic honesty committing themselves to be honest in all academic work and understanding that failure to comply with this commitment will result in disciplinary action. This statement is a reminder to uphold your obligation as a UF student and to be honest in all work submitted and exams taken in this course and all others.

19. Accommodation for Students with Disabilities –
Students Requesting classroom accommodation must first register with the Dean of Students Office. That office will provide the student with documentation that he/she must provide to the course instructor when requesting accommodation.

20. UF Counseling Services –
Resources are available on-campus for students having personal problems or lacking clear career and academic goals. The resources include:
· UF Counseling & Wellness Center, 3190 Radio Rd, 392-1575, psychological and psychiatric services.
· Career Resource Center, Reitz Union, 392-1601, career and job search services.

21. Software Use –
All faculty, staff and student of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.
