Requirements for Admission as a Transfer Student

Bachelor of Science - Computer Science (CSE)

Department of Computer and Information Science and Engineering
College of Engineering
University of Florida

Transfer students meeting the minimum requirements listed below will be *considered* for admission to the University of Florida, Department of Computer and Information Science and Engineering (CISE) in pursuit of a Bachelor of Science in Computer Science. Note that admission is *highly competitive* due to a limited number of admission slots. Requirements vary depending on the student's institution.

Minimum Requirements for Consideration for Transfer Admission:

1) -Florida public community/state college: 60 or more transferable hours + Assoc. of Arts degree
   -Florida public university or regionally accredited institution: 60 or more transferable semester hours
   -Florida nonpublic postsecondary institution: 60 transferable semester hours in Florida Statewide Course Numbering System

2) Overall GPA of 2.0 or higher

3) Completion of 5 of the 6 Critical Tracking courses w/C or better *at time of application*:

o MAC2311 or equiv.	Calculus and Analytical Geometry I	4 credits
o MAC2312 or equiv.	Calculus and Analytical Geometry II	4 credits
o MAC2313 or equiv.	Calculus and Analytical Geometry III	4 credits
o PHY2048 or equiv.	Physics w/ Calculus I	3 credits
+PHY2048L or equiv.	Physics I lab	1 credit
o PHY2049 or equiv.	Physics w/ Calculus II	3 credits
+PHY2049L or equiv.	Physics II lab	1 credit
o COP 3502 or equiv.	Fundamentals in Programming 1	4 credits

-COP 3502 is typically taken after matriculating at UF; State College CS coursework will not meet requirements.
-PHY2048 & PHY2048L must be one of the minimum five completed tracking courses.
-Although labs are required as part of Critical Tracking, they are not computed in the Critical Tracking GPA.

4) Combined Critical Tracking GPA of 2.5 throughout the completion of all six tracking courses
* *No more than two tracking courses can be repeated, no more than two attempts.*
* *First attempts less than a C will not count in tracking GPA as long as a grade of C or better is earned in the second attempt.*
Note: a dropped course (W) counts as an unsuccessful attempt.

Only students who satisfy the minimum requirements will be considered for conditional acceptance into the Computer Science program. All conditionally accepted transfer students are required to complete their remaining Critical Tracking courses during their first term of enrollment at UF. It is **HIGHLY** recommended that students finish all Critical Tracking courses prior to their first term of enrollment at UF.

For additional information, contact a CISE undergraduate advisor at ugadvisors@cise.ufl.edu or call 352-392-1090.
